

Summer at Camp Open Arms - Older Class

Full-STEAM Ahead With STEM

Science, Technology, Engineering, Art and Math, Oh, My! Explorations abound for our summer camp fun.

Play Ball! (May 30-June 2)

Let's start our summer with all types of ball games!

Camping Fun (June 5-9)

Tents, lanterns, s'mores and more!

Once Upon a Time (June 12-16)

Kings, queens, castles...and, of course, dragons!

Do You Want to Play?

(June 19-23)

Who doesn't love to play games?!

Three Cheers for the Red, White and Blue (June 26-30)

We will be getting ready to celebrate our country's birthday!

The Art of Science (July 3-7)

We'll see how the worlds of art and science intertwine.

Let's Take it Outside! (July 10-14)

The wonders of nature in the Summer

Careful! Construction Zone

Ahead (July 16-21)

Busy minds, busy hands, busy builders

What's Cooking? (July 24-28)

Oh, the food we will make!

I'm Stuck! (July 31-August 4)

Have you thought about all the sticky materials in our everyday world? We're going to see what we can do with them!

Rocks and Minerals (August 7-11)

What child doesn't like to dig for rocks? We'll explore the many types of rocks and minerals this week.

Bubbling Over (August 14-18)

We'll be bubbling over with excitement while exploring the world of bubbles!

Water, Water Everywhere! (August 21-25)

Summer is not summer without water! We'll end our camp with water-based art, water balloon toss, and so much more.
